

Papp János

PUBLIKÁCIÓS JEGYZÉK impact faktorral (a megjelenés évében)

Idegennyelvű referált közlemények

1. Csókay, B., Papp, J., Besznyák, I., Bősze, P., Sárosi, Zs., Tóth, J., Zalay, Zs.,
Oncogene patterns in breast and ovarian carcinomas.
EUR J SURG ONCOL 19: 593-599, 1993
2. Sági, V., Lukács, G., Sztán, M., Papp, J., Oláh, E.
Contribution of p53 gene alterations to development of metastatic forms of follicular thyroid carcinoma.
DIAGN MOL PATHOL 4: 256-260, 1995; IF: 2.880
3. J.Papp, B.Csókay, P.Bősze, Zs.Zalay, J.Tóth, B.Ponder, E.Oláh
Allele loss from large regions of chromosome 17 is common only in certain histological subtypes of ovarian carcinomas.
BRIT J CANCER 74: 1592-1597, 1996; IF: 3.666
4. Ramus, S., Friedman, L.S., Gayther, S.A., Ponder, B.A.J., Bobrow, L., van der Looij, M., Papp, J., Oláh, E.
A breast/ovarian cancer patient with germline mutations in both the BRCA1 and BRCA2 genes.
NAT GENET 15: 14-15, 1997; IF: 38.854
5. Phelan, C.M., Borg, A., Cuny, M., Crichton, N., Baldersson, T., Andersen, T., Caligo, M.A., Lidereau, R., Lindblom, A., Seitz, S., Kelsell, D., Hamann, U., Rio, P., Thorlacius, S., Papp, J., Oláh, E., Ponder, B., Scherneck, Y.J., Barkardottir, R., Borresen-Dale, A., Eyfjörd, J., Theillet, Ch., Thompson, A.M., Devilee, P., Larsson C.
Consortium study on 1280 breast carcinomas: allelic loss on chromosome 17 targets subregions associated with family history and clinical parameters.
CANCER RES 58: 1008-1012, 1998; IF: 8.370
6. Papp, J., Raicevic, L., Milasin, J., Dimitrijevic, B., Radulovic, S., Oláh, E.
Germline mutation analysis of BRCA1 and BRCA2 genes in Yugoslav breast/ovarian cancer families.
ONCOL REP 6 (6): 1435-1438, 1999; IF: 0.659
7. Van der Looij, M., Papp, J., Sztán, M., Pulay, T., Elfadil, I., Besznyák, I., Tóth, J., Devilee, P., Oláh, E.
Allelic imbalance and microsatellite instability in BRCA1 associated breast and ovarian tumors.
INT J ONCOL 18: 775-780, 2001; IF: 2.330

Magyar nyelvű közlemények

1. Papp J, Csókay B, Bősze P, Tóth J, Zalay Zs, Sárosi Zs, Oláh E
A 17-es kromoszóma génváltozásai sporadikus epiteliális petefészekrákokban.
MAGY ONKOL XV: 123-128; 1996.
2. Oláh E., Csókay B., Járai-Köte Zs., M. van der Looij, Papp J., Sztán M.
Öröklődő BRCA1 mutációk hazai emlő/petefészekrákos családokban.

Referált folyóiratban megjelent absztraktok

1. E.Oláh, B.Csókay, J.Papp, M.Bak, N.Prajda, S.Eckhardt
Metabolic targeting -molecular changes in cancer chemotherapy.
CELL PROLIFERAT 25: 468, 1992
2. E.Oláh, B.Csókay, J.Papp
Modulation of gene expression through inhibiting guanylate metabolism.
BIOMED PHARMACOTHER 46: 298, 1992
3. J.Papp, B.Csókay, I.Számel, I.Besznyák, Zs.Zalay, J.Tóth, P.Bösze, E.Oláh
Molecular markers of ovarian and breast carcinomas.
